

Samer Ansari

**Head, Data, Digital & Technology
Oncology Business Unit**

Samer Ansari is Head of Data, Digital & Technology, within the Oncology Business Unit at Takeda. He joined Takeda in October 2018 and is responsible for driving our data, digital and technology strategy forward and building these innovative capabilities for our oncology division.

Mr. Ansari is also part of Takeda's Oncology Leadership Team, Enterprise Data, Digital & Technology Leadership Team, Global Data Council, and Information & Digital Trust Governance Board.

Before Takeda, Mr. Ansari worked for Insulet, an innovative medical device company, where he held commercial digital and technology leadership roles in the US and Europe. Mr. Ansari's educational background is in Software Engineering.

His passion is to develop best-in-class customer and patient experiences using innovative solutions with agile ways of working.
