

Supplier Registration Process

**Business
Process
Redesign** 

Takeda Pharmaceutical Company Limited

Better Health, Brighter Future

Key Points To Remember

- (1) All new suppliers must complete Takeda's due diligence & Vendor Master Data process to become a registered entity within Takeda.
- (2) Suppliers will be invited via email to begin the registration process prompting them to register their information on the Ariba Commerce Cloud.
- (3) They will be invited to review a number of Takeda questionnaires to enable them to action any required activities such as participating in an RFX, execution of an agreement or receiving Purchase Order through Ariba Commerce Cloud.

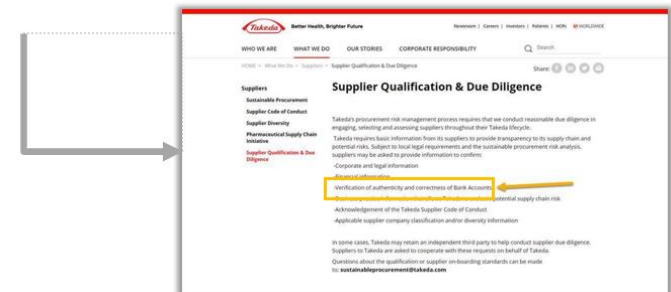

Key Points To Remember

(4) You will receive an e-mail to confirm your bank details in Bank Data Verification Process.

- The process will help us to eliminate risks of any potential frauds,
- The process will help proceed all invoices in a faster way and proceed all payments
- The process applies to all Takeda's suppliers

Please, answer directly to the e-mail, which you received and provide the required Bank Data information. Upon receiving this information, Takeda will be in a position to fully finalize payment transactions. This is a one-time verification and will not require review upon your Bank Data changes.

You can find information about this procedure on our official website [here](#).

Supplier Registration Communication

Hello!

Whether you are a current supplier or a potential one, thank you for registering in Ariba.

You have been invited you to register to become a supplier with Takeda.

Takeda uses Ariba Network to manage its sourcing and procurement activities and to collaborate with suppliers. If test already has an account with the Ariba Network, please sign in with your username and password. If you do not have an account, you can simply create one on the SAP Ariba Network where a registration is free.

[Click Here](#) to create account now

The instruction on how to register via Ariba Commerce Cloud is available on webpage:

<https://www.takeda.com/what-we-do/suppliers/supplier-registration-process-via-ariba-commerce-cloud/>

Takeda's suppliers are very important in Takeda's mission to "strive toward better health for people worldwide through leading innovation in medicine." Given Takeda's global reach, ensuring the sustainable procurement of our goods and services is paramount. As part of Takeda's supplier qualification process we will ask for information about your company or organization to help us determine whether there is an area of the goods or services you are providing that may require further information.

Takeda may request more information from you after you have completed the Registration phase of the process. These requests for information will be based on Takeda's commitment to quality and to corporate social responsibility. There are a few different ways that Takeda may request information.

- It may require returning to Ariba to answer more detailed questions on a particular subject*
- It may require creating or sharing a profile in a third party platform, such as Ecovadis or One Trust*
- It may include a request for an on-site visit*

More information can be found on the following link:

The screenshot shows the Ariba Sourcing user interface. At the top left, the header reads "Ariba Sourcing". On the right, there is a "Help Center" section with a search bar and a list of articles. The main content area is titled "Welcome, venkata prathi" and includes a yellow banner with the text "Have a question? Click here to see a Quick Start guide." Below this, a message states: "Welcome to the Ariba Network. Takeda - TEST has invited you to a sourcing event." Two buttons are visible: "Sign up" and "Log in". The "Sign up" button is highlighted with a red box and a callout bubble containing the number "1" and the text "New Users in Ariba Commerce Cloud can sign in and complete their registration". The "Log in" button is also highlighted with a red box and a callout bubble containing the number "2" and the text "Existing Ariba Commerce Cloud users can log in". Below the buttons, there is a section titled "About Ariba Network" with a list of bullet points describing the benefits of the network. The Help Center on the right contains several articles, including "Why do I get this message on the SAP Ariba Login page: 'The username and password pair you entered was not found?'", "Why can't I access my event through the invitation?", "What are some common issues when registering an account?", "Supplier Basics (4:33)", "Can my company have multiple accounts?", "How to register as a supplier on Ariba Network", "Overview of Ariba Network (4:07)", "Introduction to Ariba Network", "How do I merge a new invitation account with an existing account?", "Training sessions with live Q&A", and "After you register". At the bottom of the Help Center, there is a "View more" link and a "Can't log in? Let us help you" button. At the very bottom of the page, there are links for "Documentation" and "Support".

REMINDER! Do not create new account if your company is already transacting on the Ariba Network

By clicking the **"Help Center"** it will display a list of frequently asked questions.

A short video is also available to present supplier basics on managing your Ariba

Clicking **"Support"** will display the Ariba Support center below and provide more options to receive help from Ariba.

Supplier Registration – help center options

This screen shot below will pop-up if you click on “Support”

Leverage the search field to narrow down the content for which you are seeking help..

Ariba may ask you a string of questions (G) to help guide you on next steps based on your search.

If further assistance is needed, you can contact Ariba via email, phone.

Signing up for “Live” webinars can be helpful as it would provide a group session with “Live” Q&A on key topics that you want to deep dive for a better understanding of Ariba.

Is there a way for suppliers to enter the tool themselves, without being invited by Takeda?

“No. The suppliers will not be able to register themselves on Takeda’s Ariba environment without being invited via email.”

Will the suppliers be notified if they have any pending actions?

“Yes. Throughout the entire process, the suppliers will be notified via email, and/or the suppliers will be contacted by Takeda to inform them about the next steps.”

Do the suppliers need to contact Takeda every time they complete any action?

“No. Takeda will automatically be notified via a system notification. You do not need to contact Takeda individually.”

While registering in Ariba, in which languages will the suppliers be able to view the content?

“You will be able to view the standard Ariba content (Ariba Cloud Commerce Profile, Ariba notifications, etc.) in the language that your web browser is set to. You can also customize your language while registering in Ariba. Questionnaires sent by Takeda will be available in select languages.”

Why does my company need to register in Ariba?

“Takeda has chosen this platform for on-boarding suppliers and to engage them in various stages of procurement”

What is the maximum file size allowed for the attachments in the Takeda questionnaire?

*“The maximum file size for the attachment is **2 GB** and only one file can be uploaded. If you need to upload multiple files, then zip them together and upload them as a single file.”*

Thank you
